

OPERATIONS MANUAL

8 inch Audubon Bird Clock

IMPORTANT! The following instructions must be followed exactly to ensure that the correct sound is heard for each hour.

SETTING THE TIME: (Remove batteries before beginning)

- 1) Turn the hand set knob in rear of movement clockwise or counterclockwise to read 10 minutes before 1:00 o'clock. (12:50)
- 2) Insert 3 "AA" size batteries (not included) into the battery compartments. Make sure that the battery polarity (+/-) is as indicated.
- 3) Turn the handset knob to adjust to desired time.

Note: Each time the set test (red) button is pressed, this resets sounds to the next hour. If pressed, you must follow the instructions above to reset properly or you will not hear the correct sounds with each hour.
